12-4pm | 6 DECEMBER  
WUCHOPPEREN HEALTH SERVICE  
Moignard Street | Bama House

## CAIRNS WORKSHOP & Community Consultation

The SMS4DeadlyDads team including Dr (Uncle) Mick Adams & A/Prof Richard Fletcher will present a workshop at Wuchopperen Health Service in Cairns for all perinatal services and interested community workers to attend.

The workshop will focus on engaging fathers and supporting them to be involved and gain confidence in their role during the perinatal phase.

Discussions will also include how dads can be supported if things don't go to plan during a pregnancy or soon after the birth.

*There's nothing in place for our men if things don't go to plan with a pregnancy or birth*

*Dads can feel a bit lost in the early stages of becoming a father. Texts to check-in with how their doing would be really good*
